## EXPERIENCE

### Senior Architect • Jun 2020 - Present

Geo Architect / Perth, WA

Act as a mentor for junior architects and engineers by providing guidance on architecture, design, development standards, coding practices, test plans, and release schedules. Lead or contribute to product requirements definition.

### Interior Designer • Mar 2019 - May 2020

Creative Interior / Perth, WA

Conduct feasibility studies for new projects. Prepare design drawings based off requirements from client specifications. Work with clients to develop final plans. Oversee installation of furniture and fixtures in a building's interior space. Resolve problems that arise during construction

## PROJECTS

### Unique Architectural Design - Oct 2021

From farmhouse and present day, to gliding and minimalistic living spaces, here are the private styles that had the most effect on how Oregonians are living today.

### Spacious Living Room - Oct 2021

One of the most sweltering shading decisions is the green parlor. Supposed to be the "new dark", green is presently wherever in the realm of inside plan. An impression of the shades of nature, this tone has a quieting impact which is ideal for making...
